Annual Letter 2023/24

Dear Neil

Role of PSOW

As you know, the role of the Public Services Ombudsman for Wales is to consider complaints about public services, to investigate alleged breaches of the councillor Code of Conduct, to set standards for complaints handling by public bodies and to drive improvement in complaints handling and learning from complaints. I also undertake investigations into public services on my own initiative.

Purpose of letter

This letter is intended to provide an update on the work of my office, to share key issues for health boards in Wales and to highlight any particular issues for your organisation, together with actions I would like your organisation to take.

Overview of 2023/24

This letter, as always, coincides with my Annual Report – “A New Chapter Unfolds” – and comes at a time when public services continue to be in the spotlight, and under considerable pressures. My office has seen another increase in the number of people asking for our help – a 17% increase in overall contacts compared to the previous year, with nearly 10,000 enquiries and complaints received. Our caseload has increased substantially - by 37% - since 2019.

We are happy to accept and respond
to correspondence in Welsh.

During 2023/24 we considered and closed more enquiries and complaints than we ever have done before, and we reduced the average cost for each case and investigation. We started the year with a focus on reducing our aging cases, those over 12 months old, by 50% by the end of the year. These cases are often the most complex and distressing for the people making the complaint. I am extremely pleased to say we exceeded this target, reducing our aged investigations by over 70%. We are now well on track to meeting our objective to complete investigation of complaints within 12 months.

Public Service Complaints and compliance with recommendations

We received 939 complaints about health boards last year – roughly the same number as the previous year. During this period, we intervened in (upheld, settled or resolved at an early stage) 31% of health board complaints - a similar proportion to previous years.

Last year, we received 138 complaints about Hywel Dda University Health Board, we closed 154 (some complaints were carried over from the previous year) and intervened in 36% of cases. Further information on the complaints we dealt with last year can be found in the appendices.

In total, we made 160 recommendations to your health board during the year. To ensure that our investigations and reports drive improvement, we follow up compliance with the recommendations agreed with your organisation. In 2023/24, 151 recommendations were due and 81% were complied with in the timescale agreed. The remainder were complied with, but outside the timescales agreed, or remained outstanding as at 9 April 2024.

Recommendations and timescales for complying with recommendations are always agreed with the public body concerned before being finalised, and we therefore expect organisations to comply within the timescales agreed.

Further to the report my office issued in June 2023, [Groundhog Day 2: An opportunity for cultural change in complaint handling?](#) I wish to thank the Health Board for its consideration of the report and recommendations. I trust that it has ensured that lessons learned from the PSOW's findings and recommendations on cases we considered last year are included in your Health Board's Annual Report on the Duty of Candour and Quality.

Supporting improvement of public services

We continued our work on supporting improvement in public services last year and worked on our second wider Own Initiative investigation. The investigation considers carers' needs assessments undertaken by local authorities in Wales. My report on this work will be finalised report and published in the near future.

We have continued our work on complaints handling standards for public bodies in Wales and now have 56 public bodies following our model complaints handling policy. These public bodies account for around 85% of the complaints we receive.

We continued our work to publish complaints statistics into a third year with data, gathered from public bodies, now published twice a year. This data allows us to see information with greater context – for example, last year 6% of complaints made to Hywel Dda University Health Board's complaints went on to be referred to PSOW. I would encourage all health boards to use this data to better understand their performance on complaints and ensure that all complaints are appropriately logged.

Colleagues from my Improvement Team continue to meet regularly with Hywel Dda University Health Board to discuss compliance with our recommendations and our complaints standards work. We have seen real benefit come from these conversations, as well as improved working relationships, and we would like to pass on our thanks to Olivia Barker and their team for their work with our officers.

Action we would like your organisation to take

Further to this letter can I ask that Hywel Dda University Health Board takes the following actions:

- Present my Annual Letter to the Board at the next available opportunity and notify me of when these meetings will take place.
- Consider the data in this letter, alongside your own data, to understand more about your performance on complaints, including any patterns or trends and your organisation's compliance with recommendations made by my office.
- Provide my office with a copy of the Health Board's Annual Report for 2023/24 on the Duty of Candour and Quality
- Inform me of the outcome of the Board's considerations and proposed actions on the above matters at your earliest opportunity.

Finally, I would like to thank you, and your teams, for your work with my officers in the last year. Their work is important in ensuring that patients and families receive timely and thorough responses to complaints, and in improving outcomes for all service users – not just those who complain.

Yours sincerely,

Handwritten signature of Michelle Morris in black ink.

Michelle Morris
Public Services Ombudsman

Cc. Phil Kloer, Chief Executive, Hywel Dda University Health Board

Factsheet

Appendix A - Complaints Received

Health Board	Complaints Received	Received per 1,000 residents
Aneurin Bevan University Health Board	175	0.30

Betsi Cadwaladr University Health Board	253	246	58%
Powys Teaching Health Board	10	12	67%

Information Sheet

Appendix A shows the number of complaints received by PSOW for all Health Boards in 2023/24. These complaints are contextualised by the number of people each health board reportedly serves.

Appendix B shows the categorisation of each complaint received, and what proportion of received complaints represents for the Health Board.

Appendix C shows outcomes of the complaints which PSOW closed for the Health Board in 2023/24. This table shows both the volume, and the proportion that each outcome represents for the Health Board.

Appendix D shows Intervention Rates for all Health Boards in 2023/24. An intervention is categorised by either an upheld complaint (either public interest or non-public interest), an early resolution, or a voluntary settlement.

Appendix E shows compliance performance for all Health Boards.
